EXAMINER'S AMENDMENT

1. This action is in response to applicant's appeal brief filed on January 31, 2007.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. David E. Dougherty on April 12; 2007. The application has been amended as follows:

- In claim 5, line 17, please delete the word "and".
- In claim 5, between lines 17 and 18, please insert the sentence "means for determining an impending dangerous condition associated with the other safe operating parameters; and".
- In claim 5, line 18; please replace the word "an" with the word "the".
- Please cancel claim 10, applicant's representative has agreed to cancel the claim without prejudice or disclaimer.

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance:
 - Claim 5 is allowable over the prior art of record. The prior art of record fails to sufficiently describe or suggest a helicopter turbine engine over stress warning system comprising: means for increasing the magnitude of the tactile warning when the turbine output temperature reaches its maximum operating temperature; means for determining the impending dangerous condition associated with other safe operating parameters; and

Art Unit: 2612

means for increasing the frequency of the tactile warning in response to the impending dangerous condition when the impending dangerous condition is imminent. These along with other limitations set forth by the claim renders the application allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
